Instructions on how to cast your vote

Pursuant to CVM Instruction 481/2009, as amended, the shareholder that decides to exercise their remote voting rights may do so by sending the remote voting list duly completed, initialed and signed, directly to the Company's head office. In this case, it is essential that all fields are completed with the full name (or corporate denomination) of the shareholder together with the tax registry number before the Ministry of Economy, CNPJ for corporate entities or CPF for natural persons, as well as an email address for eventual contact.
We would point out that for this voting list to be deemed valid and the votes cast to be computed in the General Meeting's quorum:
- all fields and voting declarations should be duly completed;
- all voting list pages should be initialed; and
- at the end, pursuant to the current legislation, the shareholder or their legal representative(s), as the case may be, shall sign the voting list.

Instructions for sending your ballot, indicating the delivery process by sending it directly to the Company or through a qualified service provider

The shareholder that chooses to exercise remote voting rights may do so by using one of the following options:
- shareholders with shareholding position in book entry format: may exercise remote voting through the securities registrar. The voting instructions shall be provided using the Itaú Digital Shareholder Meeting website. In order to vote through the website, the shareholder must register and be in possession of a digital certificate. Information on registration and the step-by-step process of issuing the digital certificate are described on the website: https://assembleiadigital.certificadodigital.com/itausecuritiesservices/artigo/home/assembleiadigital ;
- shareholders with a shareholding position at a custodian / broker: should verify voting procedures with the custodian of the shares together with the documents and information required;
- shareholders with shares held in custody with more than one institution: (example: part of the position is held in the books of the securities' registrar and part with a custodian, or the shares are held in custody at more than one custodial institution): it is sufficient to send voting instructions to just one institution since the vote will always be considered on the basis of the total number of shares of the shareholder; or
- send directly to the Company's head office address the duly completed voting list, initialed and signed and certified copies of the remaining documents, as listed on the Company's Internet page (https://www.engie.com.br/investidores/assembleias-ereunioes-do-conselho/), at the following address: Investors / Shareholders and Board Meetings, selecting Call Notices or Remote Voting Guidance.
