ANNOUNCEMENT TO THE MARKET

ENGIE BRASIL ENERGIA S.A. ("Company or ENGIE"), informs its shareholders and the market at large that as of today's date it has assumed the operation of the brownfield section of Lot 1 for which it successfully bid at the 02/2024 Aneel Transmission Auction and subsequently denominated as Graúna Transmissora de Energia ("Graúna"). The said section comprises four transmission lines amounting to 162 kilometers in length and two proprietary substations located in the states of Minas Gerais and Espírito Santo. The Annual Allowed Revenue ("RAP") for this section is R$ 14.0 million, corresponding to approximately 5% of the project's total.

In addition to the aforementioned stretch, the Graúna project also incorporates the construction of approximately a further 780 kilometers of transmission line comprising six new lines, two new substations and sectioning in the states of Santa Catarina, Paraná, São Paulo and Minas Gerais, and currently at the implementation stage. The total RAP for the project is R$ 268.3 million (baseline June 2025) and the concession term is 30 years.
