Florianópolis, May 8, 2018.

Brazilian Securities and Exchange Commission - CVM
Office of Public Company Supervision
Att.: Nilza Maria Silva de Oliveira

Dear Madam,

ENGIE BRASIL ENERGIA S.A., a publicly held company with its registered offices in the city of Florianópolis, state of Santa Catarina, Rua Paschoal Apóstolo Pítsica, 5064, Bairro Agronômica, ("EBE" or "Company"), is pleased to present the following clarifications in relation to Official Letter 190/2018/CVM/SEP/GEA-1 (transcribed here under), received by the Company on May 7, 2018 ("Official Letter"):

To Mr.
Carlos Henrique Boquimpani de Freitas
Investor Relations Officer,
ENGIE BRASIL ENERGIA S.A.
Rua Paschoal Apóstolo Pítsica, 5064, Agronômica
Florianópolis - SC
CEP: 88025-255
Email: carlos.freitas@engie.com
c/c: emissores@b3.com.br

Reference: ***Request for clarifications on a press report.***

Dear Sir,

1. We refer to the report published on May 5, 2018 in the newspaper, O Estado de São Paulo, Business Section, under the headline "Engie becomes the sole player in the purchase of a gas pipeline", in which it is stated:

> *The French company, Engie has been granted exclusivity in the negotiations to purchase a 90% stake in the Transportadora Associada de Gás (TAG) pipeline. The two companies have until May 31 to reach an agreement on the conditions for the transaction which is worth US$ 8 billion. Should a consensus not be achieved, other interested parties may reenter negotiations and make new proposals, say sources.*

2. In this respect, we request a statement from the company as to the veracity of the report and, in the event of confirmation, an explanation as to the reasons why it was understood that a material fact was not required as well as comments on other information deemed as important relative to the matter.

3. We would further remind you of the provision in the sole paragraph to Article 4 of CVM Instruction 358/02, of the need to investigate management and the

controlling shareholders of the Company as well as all other persons with access to material acts or facts with the purpose of verifying if such were cognizant of information which should have been disclosed to the market.

4. This manifestation should be conducted through the Sistema Empresa.NET, category: Announcement to the Market, type: Clarifications on issues raised by CVM/B3, reference: News disclosed to the Media which should include the transcription of this official letter.

5. We would point out that in the use of its legal responsibilities pursuant to subsection II, Article 9, Law 6.385/76, and CVM Instruction 452/07, it is incumbent on the Office of Public Company Supervision to impose a fine in the amount of R$ 1,000.00 (one thousand reais), without limitation on other administrative sanctions, for non-compliance with the requirements contained in this official letter, sent exclusively by e-mail, by May 08, 2018, notwithstanding the provisions in sole paragraph to Article 6, CVM Instruction 358/02.

Firstly, the Company notifies that on various occasions, the French company ENGIE S.A. and companies controlled directly and indirectly by it have declared publicly that they continue to examine investment opportunities in the Brazilian gas supply chain.

With respect to the report and having consulted its controlling shareholder, ENGIE Brasil Participações Ltda. ("EBP"), the Company clarifies that EBP was invited to take part in the negotiation phase and that there are negotiations with Petróleo Brasileiro S.A. – Petrobras ("Petrobras") in relation to a potential acquisition of a stake in Transportadora Associada de Gás (TAG), although to the present time, no effective decision has been taken on the matter or any exclusivity agreement signed, the operation still being at the negotiation stage and subject to pricing discussions with third parties.

The Company is not involved in these discussions but is monitoring them with interest and does not discount the possibility of evaluating this business opportunity in the light of the discussions in progress between EBP and Petrobras, remaining attentive to its obligations of disclosure to the market pursuant to the current legislation and regulations.

The Company extends its cordial greetings and remains available for providing any further information deemed necessary for analysis of the foregoing.

Carlos Henrique Boquimpani de Freitas
Chief Financial and Investor Relations Officer
