ANNOUNCEMENT TO THE MARKET

ENGIE concludes the implementation of the Gavião Real Transmissora de Energia Project

ENGIE BRASIL ENERGIA S.A., a publicly listed company with its registered offices in Florianópolis, Santa Catarina at Rua Paschoal Apóstolo Pítsica, 5064, enrolled in the tax register (CNPJ) under number 02.474.103/0001-19 ("Company or ENGIE"), pursuant to the provisions in CVM Resolution 44/2021, announces to its investors and the market at large that on July 8, work on the implementation of the Gavião Real Transmissora de Energia Project ("Gavião Real" or "Project") was concluded with full energization of its substation, as stated in the Release Terms (TLD) issued by the National System Operator (ONS) on July 12, 2024.

The result of a successful bid at the Aneel 01/2022 Transmission Auction, the project is located in the state of Pará (PA) and comprises the expansion of the Itacaiúnas Substation with the installation of two 230/138kV transformers and a new 138kV switchyard for meeting energy distribution requirements in the state.

"The Project is integrated to the Novo Estado Transmission System, also developed and implemented by the Company and already in commercial operations. At an investment of the order of R$ 80 million, and at a contracted Annual Allowed Revenue of R$ 7.1 million (baseline July/23), Gavião Real has been completed 20 months ahead of the maximum term established by National Electric Energy Agency (Aneel)", Eduardo Takamori, the Company's Chief Financial and Investor Relations Officer remarks.

"We now have three energy transmission concessions in commercial operations, and are making headway on the implementation of a further 1,000 kilometers of transmission lines with the Asa Branca project, totally aligned to our strategy of transmission infrastructure growth in Brazil and portfolio diversification", points out Eduardo Sattamini, the Company's Chief Executive Officer.
