ANNOUNCEMENT TO THE MARKET

SHARES OF ENGIE BRASIL ENERGIA ARE INCLUDED IN THE SUSTAINABILITY INDEX OF B3 (ISE) FOR THE 15TH CONSECUTIVE YEAR

In alignment with the Company's historical commitment to the highest standards of sustainability and corporate governance.

Florianópolis, November 29, 2019 – ENGIE BRASIL ENERGIA S.A. ("Company") (B3: EGIE3, ADR: EGIEY) announces to shareholders and the market at large that it continues to be a component of the Corporate Sustainability Index (ISE) of B3. EBE's equities have been included in the ISE portfolio since the stock index's inception.

The new portfolio will be effective from January 6, 2020 through January 1, 2021 and will incorporate 36 shares of 30 companies, corresponding to 37.62% of the total value traded on the B3.

The index reflects the average return from a theoretical portfolio of shares of those listed companies enjoying the best environmental, social and governance practices. Since its creation in 2005, ISE has recorded a return of 266.2% compared with the 235.4% for the Ibovespa stock index over the same period.

"As the base industry of any economy, the electric sector has been one of the boosters of the global decarbonization movement. ENGIE, worldwide, proposes to lead this movement by offering increasingly renewable and close to customer solutions. We celebrate another year of permanence at ISE with the certainty that our management practices, associated with the offerings that increasingly induces sustainable development, are being perceived as differentials by the market and the general stakeholders" declared Eduardo Sattamini, Company's Chief Executive and Investor Relations Officer. "We take the opportunity of the 15th year of the Index to thank and congratulate the Deliberative Council, technical staff, partners, participating companies and especially B3, for the efforts made since 2005 in the challenge of mobilizing and raising awareness of the companies and the financial market for the topic."

Florianópolis, November 29, 2019.
