ANNOUNCEMENT TO THE MARKET

Santo Agostinho Wind Complex's first wind turbine begins commercial operations

ENGIE BRASIL ENERGIA S.A., a publicly listed company with headquarters in Florianópolis, state of Santa Catarina at Rua Paschoal Apóstolo Pítsica, 5064, enrolled in the tax register (CNPJ) under number 02.474.103/0001-19 ("Company"), in compliance with the provisions in CVM Resolution 44/2021, announces to its investors and the market at large that on March 23, the 01 generator unit of Santo Agostinho 14 Wind Farm received authorization from the National Electric Energy Agency (Aneel) to begin commercial operations.

The 01 generator unit has an installed capacity of 6.2 MW and it's part of the Santo Agostinho Wind Complex, a project comprising 14 wind farms with a total of 70 wind turbines and an installed capacity of 434 MW, its energy being added to the Company's portfolio as each wind turbines goes into operation. With an investment of approximately R$ 2.3 billion, about a thousand direct jobs were generated during the period of implementing the complex.

"The commercial operations at Santo Agostinho's first unit are a milestone for such a large project, which should be concluded by late 2023, thus maintaining our commitments and in this way guaranteeing the tariff transmission discount for the Company's customers, a competitive advantage of the project in the free contracting environment", Eduardo Sattamini, the Company's Chief Executive Officer points out.

Florianópolis, March 24, 2023.

Eduardo Antonio Gori Sattamini
Chief Executive and
Investor Relations Officer
