Reference: ***Request for clarification on news item***

Dear Officer,

1. *We refer to the Financial Statements for the fiscal year ended on 12/31/2023 and to the news item published on February 27, 2024, in the digital media Valor Online, Companies section, under the title: "Engie's profit amounts to R$ 819 million in 4th quarter", which contains the following statements:*

ENGIE BRASIL ENERGIA S.A. Rua Paschoal Apóstolo Pítsica, 5064 - CEP 88025-255
Florianópolis - Santa Catarina - Brasil
Tel: +55 (48) 3221-7904 - www.engie.com.br/investidores

In a message from management, the CEO of Engie Brasil Energia, Eduardo Sattamini, and the president of the board of directors, Maurício Bähr, stated that the company successfully concluded the exit from coal-fired thermal operations last year.

They also said that, after investing R$ 22 billion in the expansion of renewable energy and transmission in the last eight years, Engie's forecast is to invest another R$ 14 billion by 2025 in wind and photovoltaic sets, in addition to a new transmission system.

2. *In view of the foregoing, we determine that you explain the reasons why it was deemed unnecessary to publish a material fact, as well as comment other information considered important about the investments planned by the company.*
3. *It should be pointed out that pursuant to Article 3 to CVM Resolution 44/21, it is the responsibility of the Investor Relations Officer to disclose and notify to the CVM and where appropriate, the stock exchange and the organized over-the-counter entity across which the Company's securities are eligible for trading, any material act or fact occurring or related to the corporate businesses, as well as ensuring its ample and immediate dissemination simultaneously in all the markets in which these same securities are eligible for trading.*
4. *Furthermore, we would point out that the practice of disclosing to the market your expectations for future performance (guidance), both over the short and long-term, principally with respect to financial and operational aspects of the Company's businesses, involves the preparation of quantitative forecasts.*
5. *In this context, pursuant to the provision in Paragraph 1, Article 20 of CVM Resolution 80/22, should the affirmations mentioned be correct, correspondent items of the issuer's Reference Form should be updated.*
6. *This manifestation must be made through the Sistema Empresa.NET channel, Announcement to the Market category, type: Clarifications on matters raised by CVM/B3, subject: News Item Disclosed in the Media, this to include the transcription of the Letter. The response to this request for manifestation through an Announcement to the Market does not exempt you from the eventual finding of responsibility for the failure to disclose a Material Fact on a timely basis pursuant to CVM Resolution 44/21.*
7. *We would draw your attention that as per the Companies' Relations Management in the use of its legal attributes and on the basis of subsection II, Article 9 of Law 6.385/76, and CVM Instruction 608/19, the imposition of a punitive fine is incumbent in the amount of R$ 1,000.00 (thousand reais), without loss of other administrative sanctions, for failure to show compliance with the requirements contained in this Letter, to be sent exclusively by e-mail by **02.29.2024**.*
   Regards,"

In consideration of the letter transcribed above ("Official Letter"), with respect to the press article published on February 27, 2024, in the electronic media Valor Online, Companies
