the Company, without dilution, thus excluding the right of preference in accordance with article 172, I, of the Corporations Law and article 8, paragraph 2, of the Company's Corporate Bylaws; (iii) the possibility of the payment, by EBP, of the Shares to be subscribed for within the scope of the priority right through the contribution of shares issued by Jirau held by it; (iv) the report prepared by Apsis Consultoria Empresarial Ltda. It was recorded that her dissenting statement did not arise from any disagreement regarding the content, methodology, assumptions, or conclusions of the Valuation Report prepared by the Appraiser, which were not subject to reservation on her part. The Fiscal Council Chair further informed that the Offering has as conditions precedent the approval, by the general meeting of shareholders, of the ratification of the appointment and hiring of the Appraiser and of the Valuation Report itself, as well as of the value attributed to the shares issued by Jirau to be contributed to the capital increase within the scope of the Offering.
