2Q18 Fact Sheet

Corporate Overview

ENGIE Brasil Energia (EBE) develops and operates power plants, being also an active player in the energy trading activity. The year 2017 saw ENGIE Brasil Energia's debut in a new segment of the electric power industry, namely the transmission segment, with the successful bid in one of the lots of Aneel Auction 02/2017.

EBE is part of the largest independent power producer group in Brazil, that holds about 6.2% of the Brazilian market. The own installed capacity is 7,708 MW, which comprises a generating complex of 31 plants, of which 11 are hydroelectric power plants, three thermoelectric and 17 fired from complementary sources: three biomass-fired plants, 10 wind power plants, two small hydroelectric plants and two solar plants.

(1) Ebitda: net income + income tax and social contribution + financial results + depreciation and amortization.
(2) ROE: net income for the past 4 quarters / shareholders' equity.
(3) ROIC: effective rate x EBIT / invested capital (invested capital: debt – cash and cash equivalents – deposits earmarked for debt servicing + SE).
(4) Adjusted amount, net of gains from hedge operations.
(5) Total gross electricity output from the plants operated by ENGIE Brasil Energia.
(6) Disregarding sales for quotas regime (Jaguara and Miranda HPPs).
(7) Net of taxes and exports.

A total of 89% of all the Company's installed capacity in Brazil comes from clean, renewable sources with low greenhouse gas emissions, a position which has been further enhanced by the construction of new wind farms in the Northeast region of the country.

Dividend Policy

- By-law minimum payout: 30% of payable net income.
- Management commitment: minimum payout of 55% of payable net income.
- 2 dividends per year.

Notes:
[1] Considers the annual payable net income.
[2] Based on volume-weighted closing price of ON shares in the period.

Capital Markets

ENGIE Brasil Energia's shares closing price ended the second quarter of 2018 at R$ 34,23 per share, translating into a market capitalization of R$ 22.3 billion. The Company is listed on the B3 Novo Mercado, formed by companies that voluntarily commit to adopting corporate governance practices that go beyond legal obligations. EBE's common shares are traded under the ticker EGIE3 and its Level 1 American Depositary Receipts (ADR) traded on the over-the-counter (OTC) market under the EGIEY symbol, where each ADR corresponds to one common share.

Ratings

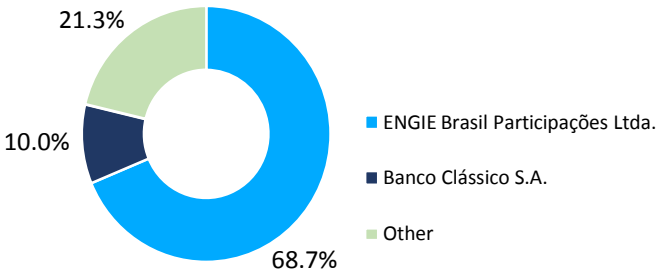

ENGIE Brasil Energia's credit rating is evaluated periodically by Fitch Ratings. In February 2018, in light of the recent downgrading of the Brazilian sovereign rating, the agency reduced the Long Term International Rating in foreign currency to **'BB'**, with a stable outlook, still one notch above sovereign rating. The Company's Long Term National Rating on the local scale was reaffirmed at **'AAA(bra)'**, with a stable outlook.
