MATERIAL FACT

ENGIE BRASIL ENERGIA S.A., a publicly held company, with its headquarter in the city of Florianópolis, state of Santa Catarina, ("ENGIE" or "the Company"), hereby informs its investors and the market, in compliance with the provisions of CVM Resolution 44/2021, that the Company's Board of Directors, at a meeting held today, approved the participation in the mechanism for renegotiating the installments due under the Use of Public Assets – Concession Payable ("UBP") for the Cana Brava and Ponte de Pedra hydropower plants, pursuant to Article 4 of Law 15,235/2025 ("Law").

The Law authorizes the settlement of future UBP obligations, under the original concession term, through a single payment, calculated as the present value of the installments due, as determined by Aneel and published in Ordinance 668, dated February 24, 2026.

Following analysis by the Company, value creation was demonstrated both in the case of Cana Brava and Ponte de Pedra hydropower plant concessions, as shown below.

Concession	**Renegotiated balance payable** (in R$ thousand, as of December 8, 2025)	**Account balance** (in R$ thousand, as of December 31, 2025)
Cana Brava HPP	1,714,063	3,042,031
Ponte de Pedra HPP	653,251	1,400,554
Total	**2,367,315**	**4,442,585**

The final amount to be paid will be restated at the variation of the SELIC rate as from December 8, 2025, until the date of final settlement. The monthly installments paid during that same period, also adjusted at the SELIC rate, will be deducted from this adjusted balance.

As established by the Law, following the concessionaires' approval, there is a 30-day period for signing the Amendment to the concession agreement with the granting authority, and an additional 30 days for financial settlement. The accounting effects of the transaction must be recognized in the financial statements for the second quarter of 2026.

The Company reiterates its commitment to maintaining investors and the market in general duly informed as to the progress of any matter of interest to the market.
