Publicly Held Company – CVM 01732-9

MATERIAL FACT

CAPITAL INCREASE WITH STOCK BONUS

ENGIE BRASIL ENERGIA S.A. ("Company"), a corporation registered as a publicly held company with the Brazilian Securities and Exchange Commission ("CVM"), in compliance with Article 157, paragraph 4, of Law No. 6,404 of December 15th, 1976, as amended ("Brazilian Corporate Law"), and CVM Resolution No. 44 of August 23rd, 2021, as amended, hereby informs the market as follows:

The Company's Board of Directors, at a meeting held on this date, approved a capital increase within the authorized capital limit, in the amount of R$ 1,961,059,084.15 (one billion, nine hundred and sixty-one million, fifty-nine thousand and eighty-four reais and fifteen cents), through the capitalization of part of the balance recorded in the Profit Retention Reserve account ("Capital Increase").

The Capital Increase will be carried out through the issuance and delivery to the Company's shareholders of 326,371,096 (three hundred and twenty-six million, three hundred and seventy-one thousand and ninety-six) new common, book-entry shares with no par value, as a stock bonus, at the ratio of 1 new share for every 2.5 common shares held on the record date of November 26th, 2025.

As a result of the Capital Increase, the Company's share capital will increase to R$ 6,863,706,794.52 (six billion, eight hundred and sixty-three million, seven hundred and six thousand and seven hundred and ninety-four reais and fifty-two cents), divided into 1,142,298,836 (one billion, one hundred and forty-two million, two hundred and ninety-eight thousand, eight hundred and thirty-six) common, book-entry shares with no par value issued by the Company.

The primary purpose of the Capital Increase through stock bonus is to capitalize part of the balance of the profit retention reserve, in the amount of R$ 1,961,059,084.15, in order to adjust the profit reserve balances to the limits set forth in Article 199 of the Brazilian Corporate Law.

Additionally, the Capital Increase through stock bonus is expected to contribute to increased liquidity of the Company's shares in the market, due to the larger number of

shares in circulation. As a result of the bonus, a technical adjustment in the share price is expected, resulting in a more attractive and accessible price per share for a broader range of investors.

The Company's shares will be traded on B3 S.A. – Brasil, Bolsa, Balcão, "ex-rights" to the bonus, as of November 27, 2025. The bonus shares will be credited on December 1st, 2025.

The bonus shares will carry the same rights as those conferred by the Company's bylaws and applicable legislation to existing shares, including the right to receive dividends declared as of December 1st, 2025, inclusive. Therefore, **the bonus shares will not be entitled to dividends declared prior to December 1st, 2025, even if such dividends are paid at a later date**.

With respect to shares that cannot be fully allocated to each shareholder, the procedure set forth in paragraph 3 of Article 169 of the Brazilian Corporations Law will be followed, which provides that: (a) a 30-day period shall be opened for shareholders holding share fractions to buy and sell fractions in order to round up to whole shares; and (b) after the 30-day period, shares that cannot be fully allocated will be sold on the stock exchange, and the proceeds from the sale will be distributed proportionally among the holders of the fractions.

The bonus will be extended simultaneously and in the same proportion to holders of American Depositary Receipts (ADRs) traded on the North American Over-the-Counter Market.

For the purposes of Article 10 of Law No. 9,249 of December 26th, 1995, as amended, the unit value attributed to the bonus shares will be R$ 6.00867880.

Additional information regarding the Capital Increase and the procedure for handling share fractions will be described in the "Notice to Shareholders" released on this date to the Company's shareholders and the market at large.

Florianópolis/SC, November 5th, 2025.
