MATERIAL FACT

ENGIE BRASIL ENERGIA RESUMES PROCESS FOR SALE OF THE PAMPA SUL THERMOELECTRIC PLANT

ENGIE BRASIL ENERGIA S.A. (EGIE3), a publicly held company with registered offices in the city of Florianópolis, state of Santa Catarina at Rua Paschoal Apóstolo Pítsica, 5064, enrolled in the tax register (CNPJ) under number 02.474.103/0001-19 ("Company" or "ENGIE"), pursuant to the provision in CVM instructions 358/2002 and 480/2009, announces to its investors and to the market in general that it is resuming the process for sale of its entire shareholding in Usina Termelétrica Pampa Sul S.A. ("Pampa Sul").

A total of more than R$ 2 billion has been invested in Pampa Sul. With an installed capacity of 345 MW, energy generated from Pampa Sul's thermoelectric plant ("Plant") is entirely contracted under the ACR (Regulated Contracted Environment) up to December 31, 2043, thus ensuring the security of the Brazilian energy system, generating enough energy to supply approximately 1.3 million people and reinforcing electric energy production in the state of Rio Grande do Sul.

Since its entry into commercial operations in June 2019, optimizing adjustments have been identified in operational and maintenance parameters of the Plant's different systems and equipment, today rendering Pampa Sul a consolidated asset with reduced operational risks.

The processes for the sale of Pampa Sul and the Jorge Lacerda Thermoelectric Complex, - (the latter with an exclusivity agreement for sale of the asset was signed with FRAM Capital XII Fundo de Investimento em Participações Multiestratégia and announced on February 25) are in line with the ENGIE's global decarbonization strategy.

The Company is focused on its proposition of accelerating the transition to a carbon neutral economy, shifting the direction of its activities towards generation of renewable energy, natural gas and infrastructure. Shareholders, employees, and the market will be kept informed on key developments in relation to the processes.

Florianópolis, March 17, 2021.

Eduardo Antonio Gori Sattamini
Chief Executive and Investor Relations Officer
