MATERIAL FACT NOTICE

ENGIE BRASIL ENERGIA WINS LOT 5 IN TRANSMISSION AUCTION AND CONTINUES TO EXPAND IN THE SECTOR

ENGIE BRASIL ENERGIA S.A. ("ENGIE" or "Company"), a corporation listed as a publicly traded company before the Brazilian Securities Exchange Commission ("CVM"), pursuant to the contents of CVM Resolution No. 44, of August 23, 2021, announces to its investors and the market at large that the Company, in consortium with its wholly-owned subsidiary ENGIE Transmissão de Energia II, was the winning bidder at Transmission Auction No. 01/2023 ("Auction"), held on the present date by the National Electric Energy Agency ("ANEEL"), for the following lot:

Lot	Location	Estimated Length (km)	Maximum construction period (months)	Maximum RAP (R$ million)	Contracted RAP (R$)	Discount	Aneel-presumed investment (R$ million)
5	BA/MG/ES	1,006	66	435.9	249.3	42.8%	2,667

The concession period for the public transmission service, comprising licensing, construction, operation and maintenance of the transmission facilities will be thirty years from execution of the Concession Contract.

With this achievement, the Company takes another important step towards continuing to diversify its asset portfolio. *"This achievement aligns with ENGIE's position as an energy infrastructure investment platform, strengthening our strategy of balanced management and diversification of the assets portfolio. Responsibly accelerating this agenda is our highest priority and we continue to invest in our teams and in the quality of our work. A meticulous process ensured good commercial terms combined with our high capacity to deliver projects with quality and safety, and to act diligently to meet our commitments with deadlines and financial returns,"* observes Eduardo Sattamini, Chief Executive and Investor Relations Officer.

The Company reiterates its commitment to keeping its shareholders and the market at large abreast of developments of this and any other matter of relevance to the market.
