1. Message from the Chairman of the Board of Directors

Florianópolis (SC), November 7, 2018.

Dear Shareholders,

We invite you to read this present Manual for Attendance to the Extraordinary General Meeting ("EGM"), whose agenda is as follows: (1) To approve the proposal for the increase in the capital of the Company with bonus shares, through the capitalization of: (i) the Retained Earnings Reserve; (ii) the Tax Incentive Reserve pending Capitalization; and (iii) the Net Income for the 3rd quarter 2018; (2) If the matter described under item (1) above is approved, to amend the Company's corporate bylaws as follows: *(i)* amendment of the caption sentence to Article 5 of the corporate bylaws for updating the amount of the Company's capital stock to incorporate the increase in the capital; *(ii)* to establish the criterion for reimbursement to the shareholders in cases where withdrawal rights are exercised, with the inclusion of §4º of Article 5 of the corporate bylaws; and *(iii)* increase the amount of the authorized capital, with the amendment of *caption sentence of A*rticle 8 of the corporate bylaws; and (3) To consolidate the Company's corporate bylaws.

Regarding the first item of the agenda, increase the capital stock, it is being proposed an increase in the capital stock in the amount R$ 2,073,592,450.71 through the capitalization of: (i) the balance in the Retained Earnings Reserve in the amount of R$ 1,594,357,546.69; (ii) the Tax Incentive Reserve pending Capitalization with respect to the SUDAM tax break for the Ponte de Pedra Hydroelectric Power Plant in the amount of R$ 4,165,733.17; and (iii) the Net Income for the 3rd quarter 2018 in the amount of R$ 475,069,170.85. By way of a bonus share, will be issued 163,185,548 new common, book entry shares at no par value, to be granted to the holders of shares as a bonus in the proportion of 1 (one) new share for every 4 (four) common shares already held on the baseline date of December 11, 2018, without resulting in dilution to any shareholders.

The increase in capital stock through the capitalization of reserves and accumulated profits with a bonus share seeks to increase the liquidity of the shares in the market, considering that (a) a larger free float, potentially creates an increase in trading volume; and (b) the adjustment in share quotation as a result of the bonus makes the price more attractive and accessible to a larger number of investors.

As to the second content of the Agenda, the proposal for amendments to the corporate bylaws, aims to: (a) adapt the wording of the Article 5 of the statutory provision for the new amount of capital stock and corresponding number of common, book entry shares with no par value, issued by the Company. In addition to the above adjustment, the amount of capital stock will be adjusted by R$ 91,694,387.96, without the issue of new shares due to the increase in capital approved at the 156th Meeting of the Board of Directors held on October 27, 2016; (b) the proposal for inclusion of Paragraph 4 to Article 5 is designed to expressly establish the criterion for reimbursing shareholders should they exercise withdrawal rights (Article 45 to Law 6,404, of December 15, 1976, as amended), thereby curing the statutory omission; and (c) adjustment made to adjust the wording of the Article 8 of bylaws, in order to cover the new amount of the authorized capital, amended given that the capital stock is already close to the amount currently authorized.

Finally, the proposal to consolidate the bylaws aims to have in a single instrument, in the minutes of the Extraordinary General Meeting, the full text of the Company's by-laws.

We await for your presence at the EGM.

Sincerely,

Maurício Stolle Bähr
Chairman of the Board of Directors

Attachment I – Information and opinion of the Fiscal Council about Proposal for Capital Increase (Article 14 to ICVM 481/2009 and its Attachment 14)

PROPOSAL FOR CAPITAL INCREASE
(to be decided at the 32nd EGM, convened for December 7, 2018)

Pursuant to Article 14 to CVM Instruction 481/2009 and its Attachment 14, the information on the proposal for the increase in the Company's capital is as follows:

1. To inform the amount of the increase and the new capital stock

The management's proposal is to increase the capital stock by R$ 2,073,592,450.71 (two billion, seventy-three million, five hundred and ninety-two thousand, four hundred and fifty reais and seventy-one centavos), through the capitalization of: (i) the balance in the Retained Earnings Reserve in the amount of R$ 1,594,357,546.69; (ii) the Tax Incentive Reserve pending Capitalization with respect to the SUDAM tax break for the Ponte de Pedra Hydroelectric Power Plant in the amount of R$ 4,165,733.17; and (iii) the Net Income for the 3rd quarter 2018 in the amount of R$ 475,069,170.85 ("Capital Increase"), with the issue of 163,185,548 new common, book entry shares at no par value, to be granted to the holders of shares as a bonus in the proportion of 1 (one) new share for every 4 (four) common shares already held on the baseline date of December 11, 2018.

If the proposal is approved, the Company's capital stock will be increased to R$ 4,902,647,710.37, divided into 815,927,740 common book entry shares at no par value.

2. To inform if the increase will be conducted through: (a) conversion of debentures or other debt securities into shares; (b) exercising the right of subscription or subscription bonus; (c) capitalization of profits or reserves; or (d) subscription of new shares

As shown under the item (1) above, the management's proposal is that the capital increase be conducted through the capitalization of profits (Net Income for the 3rd quarter 2018) and reserves (Retained Earnings Reserve and Tax Incentives Reserve pending Capitalization).

3. To explain in detail, the reasons for the increase and their legal and economic consequences

In view of the Company's current significant amount in reserves and accumulated profits, management proposes the increase in capital through the capitalization of reserves (Retained Earnings Reserve and Tax Incentive Reserve pending Capitalization) and profits (Net Income of the 3rd quarter 2018). In the light of the capitalization, shares will be issued for distribution to the shareholders of the Company free of charge in the proportion of their respective stakes in the capital stock without dilution of any of the shareholders.

The purpose of the increase in capital stock with bonus shares is to increase the liquidity of the shares in the market, considering that (a) a larger free float, potentially creates an increase in trading volume; and (b) the adjustment in share quotation as a result of the bonus makes the price more attractive and accessible to a larger number of investors.

4. To supply a copy of the opinion of the fiscal council, if applicable

The Company's Fiscal Council has examined the proposal for the capital increase at a meeting on October 31, 2018, issuing its opinion on the matter on the same date. The copy of the opinion of the Fiscal Council forms part of this instrument.

5. In the event of an increase in capital through a share subscription

Not applicable.

6. In the event of an increase in capital through the capitalization of profits or reserves

    a. To inform if the amendment will imply an alteration in the par value of the shares, if existing, or distribution of new shares among the shareholders

Pursuant to Article 5 of the corporate bylaws, the Company's shares have no par value. Consequently, the proposed capital increase shall not imply any change in the par value of the shares.

On the other hand, the proposed increase in capital shall imply the distribution of shares to the shareholders in the form of a bonus in the proportion of 1 (one) new share for every 4 (four) common shares already held for each shareholder on the baseline date of December 11, 2018.

    b. To inform if the capitalization of profits or reserves shall be effected with or without modification in the number of shares, in the companies' shares with no par value

The capital increase shall be conducted through the issue of 163,185,548 new common shares to be distributed to the shareholders in the form of a bonus in the proportion of 1 (one) new share for every 4 (four) common shares already held for every shareholder on the baseline date of December 11, 2018.

Consequently, if the increase in capital is approved, the capital stock shall now be made up of 815,927,740 common, book entry shares with no par value.

    c. In the case of distribution of new shares

i. To inform the number of shares issued for each type and class

The Company's management proposes that 163,185,548 new, common, book entry shares with no par value be issued.

ii. To inform the percentage that the shareholders will receive in shares

The Company's management proposes that the capital stock be increased in the proportion of 1 (one) new share for every 4 (four) existing shares, the equivalent of 25% of the total number of shares currently issued by the Company.

iii. To describe the rights, advantages and restrictions attributed to the shares which shall be issued.

Management's proposal is that the newly issued shares shall have the same rights, advantages and restrictions as the current common shares issued by the Company pursuant to the Corporate Bylaws and the applicable legislation.

The benefits of the bonus shall be extended to the ADRs (American Depositary Receipts) trading in the United States Over-the-Counter Market in the same proportion of the bonus shares.

As of December 11, 2018, shareholders shall be entitled to the bonus shares, the Company's shares trading "ex-rights" to the bonus as from December 12, 2018. The bonus shares shall be included in the shareholders' positions on December 17, 2018, and available for consultation from December 18, 2018.

Should the capital increase be approved, the new shares shall be entitled to interest on equity to be paid to the shareholders according to the resolution adopted by the meeting of the Board of Directors held on October 31, 2018, the amount of interest on equity per share to be adjusted to reflect the total new number of shares of the Company's issue following the incorporation of the bonus shares.

iv. To inform the acquisition cost in reais per share to be attributed to the shareholders so that they are able to comply with Article 10 of Law 9,249 of December 26, 1995

In view of the provision in Paragraph 1, Article 10 of Law 9,249 of December 26, 1995, as amended, the amount attributed to the bonus shares shall be R$ 12.70696135 per share.

v. To inform the share fractions, if any

e. To inform and provide information and documents pursuant to item 5 above and when applicable

Not applicable.

7. In case of an increase in capital through the conversion of debentures or other debt securities or through the exercising of a subscription bonus

Not applicable.

8. The provision in items 1 to 7 of this Attachment does not apply to increases in capital resulting from an option plan, in which case the issuer should inform accordingly:

PROPOSAL FOR AMENDMENTS TO THE CORPORATE BYLAWS
(to be submitted to the Company's 32nd Extraordinary General Meeting, convened for December 7, 2018)
COMPARATIVE REPORT

Current Bylaws	Proposed Bylaws	Justification
Art. 5 - The subscribed capital stock is R$ 2,737,360,871.70 (two billion, seven hundred and thirty-seven million, three hundred and sixty thousand, eight hundred and seventy-one reais and seventy cents), totally subscribed and paid in, divided into 652,742,192 (six hundred and fifty-two million, seven hundred and forty-two thousand, one hundred and ninety-two) shares, all of them common, nominative, no-par value. **Paragraph 1** - Shares issued by the Corporation may be kept in custody accounts in the name of their respective holders, as uncertified shares, in a financial institution appointed by the Board of Directors.	**Art. 5** - The subscribed capital stock is R$ 4,902,647,710.37 (four billion, nine hundred and two million, six hundred and forty-seven thousand, seven hundred and ten reais and thirty-seven cents), totally subscribed and paid in, divided into 815,927,740 (eight hundred and fifteen million, nine hundred and twenty-seven thousand, seven hundred and forty) shares, all of them common, nominative, no-par value. **Paragraph 1** - Shares issued by the Corporation may be kept in custody accounts in the name of their respective holders, as uncertified shares, in a financial institution appointed by the Board of Directors.	Adjustment made in order to adapt the wording of the statutory provision for the new amount of capital stock and corresponding number of common, book entry shares with no par value, issued by the Company. The increase in the capital amounting to R$ 2,073,592,450.71 was executed through the capitalization of: (i) the balance in the Retained Profits Reserve for the amount of R$ 1,594,357,546.69; (ii) the Tax Incentive Reserve pending Capitalization relative to the SUDAM incentive of the Ponte de Pedra Hydroelectric Power Plant, in the amount of R$ 4,165,733.17; and (iii) Net Income for the 3rd quarter 2018 in the amount of R$ 475,069,170.85. A total of 163,185,548 new, common, book entry shares

§ 2º - Whenever the stock ownership is transferred, the custodian financial institution may charge the seller a transfer fee, within the limits established by the Brazilian Securities and Exchange Commission – CVM.	**Paragraph 2** - Whenever the stock ownership is transferred, the custodian financial institution may charge the seller a transfer fee, within the limits established by the Brazilian Securities and Exchange Commission – CVM.	with no par value will be issued in the form of bonus shares, the latter to be granted to the holders of shares on December 11, 2018 in the proportion of 1 (one) new share for every 4 (four) common shares, without any resulting dilution of any of the shareholders.
§ 3º - The Corporation may not issue preferred shares or founder's shares.	**Paragraph 3** - The Corporation may not issue preferred shares or founder's shares.	The operation for increasing the capital stock through the capitalization of reserves and accumulated profits with bonus shares is designed to increase the liquidity of the shares in the market considering that: (a) a larger free float potentially generates an increase in the trading volume and (b) the adjustment in the share quotation following the incorporation of the bonus shares results in a more attractive and accessible share price for a greater number of investors.
	Paragraph 4 - Pursuant to the law, shareholders dissenting from a resolution of the General Meeting and that have exercised right of withdrawal shall have their shares reimbursed at the net equity value published in the last balance sheet approved by General Meeting, the right pursuant to Paragraph 2, Article 45 the Brazilian Corporate Law being guaranteed.	In addition to the above adjustment, the amount of capital stock will be adjusted by R$ 91,694,387.96, without the issue of new shares due to the increase in capital approved at the 156th Meeting of the Board of Directors held on October 27, 2016.

		The proposal for inclusion of Paragraph 4 is designed to expressly establish the criterion for reimbursing shareholders should they exercise withdrawal rights (Article 45 to Law 6,404, of December 15, 1976, as amended), thereby curing the statutory omission.
Art. 8º - The Corporation may, by resolution of the Board of Directors and irrespective of amendment hereto, increase its capital up to the limit of R$ 5,000,000,000.00 (five billion reais).	**Art. 8** - The Corporation may, by resolution of the Board of Directors and irrespective of amendment hereto, increase its capital up to the limit of R$ 7,000,000,000.00 (seven billion reais).	Adjustment made to adjust the wording of the statutory provision in order to cover the new amount of the authorized capital, amended given that the capital stock is already close to the amount currently authorized. The proposal has no immediate economic effect for the Company.
